

Price list for GLP toxicology studies

Type of study	Test code	Quantity of sample required ^a	Price (NT\$)
Acute oral toxicity	AOR	200 grams	80,000
Acute dermal toxicity	ADE	200 grams	80,000
Acute inhalation toxicity	AIN	1,000 grams	450,000
28-Day Oral Toxicity Study in Rodents	SOR	1,000 grams	1,000,000
90-Day Oral Toxicity Study in Rodents	SCR	5000 grams	1,650,000
Prenatal developmental toxicity	PDT	1,000 grams	2,000,000
Skin sensitization (LLNA)	LNA	20 grams	150,000
Acute eye irritation	AEI	10 grams	100,000
Acute dermal irritation	ADI	10 grams	80,000
Acute oral toxicity and pathogenicity study	MAO	200 grams	300,000
Acute pulmonary toxicity and pathogenicity study	MAP	200 grams	300,000
Bacterial reverse mutation test	GAT	10 grams	130,000
<i>Bacillus subtilis</i> rec-assay	GRA	10 grams	70,000
<i>In vivo</i> micronucleus test	GMN	50 grams	580,000
<i>In vitro</i> micronucleus test	GCM	10 grams	163,000
Acute contact toxicity in honeybee	ACH	100 grams	110,000
Acute oral toxicity in honeybee	AOH	100 grams	110,000
Acute zebrafish toxicity	AZT	30 grams	100,000
Acute zebrafish toxicity (Analysis of test item concentration in water ^b)	AZT+	30 grams	180,000
Acute daphnia toxicity	DAT	30 grams	80,000
Acute daphnia toxicity (Analysis of test item concentration in water ^b)	DAT+	30 grams	160,000

a: Please attach the COA or SDS for the test item and may request extra sample if needed.

b: Required by OECD guideline, but it could be waived if not required by authority.
